Hello Josh,  
You cannot do either task with the existing SWMM5 GUI but  
if you search on Google for  
ArcGIS SDE SWMM5  
you will find many paid and free options.

Subject: ArcGIS SDE with SWMM

Hello, Is it possible to connect to an ArcGIS Enterprise Geodatabase (SDE) with SWMM? If so how?  
Otherwise, can one connect to the SQL Server DB the SDE database is running on?  
Thanks in advance.  
Josh
